

产品简介

Crisunid®该系列产品在保证高安全性的同时具有纤薄的外观, 尤其适用于车窗、陈列柜和贵重物品陈列柜

特别耐受尖锐物体的锤击或冲击。

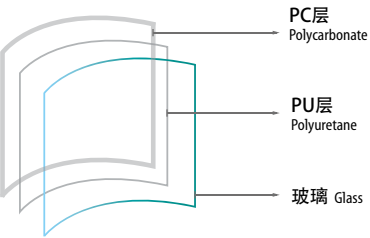

产品的厚度薄、重量轻, 易于安装和改装。

Definition

This glass offers a high degree of safety regardless of its low thickness. It is especially suitable for its application on car windows, display cases and display high-security cases for valuable objects.

It is particularly resistant to hammering or blows caused by sharp objects.

Its reduced thickness and lightness makes it easy to install, either in new units or modifications.
